

members and had fallen away made confession and asked to be restored. It was a blessed time when the Spirit of God was working mightily on hearts dead in sin and on those which had once tasted of the good things of the heavenly Kingdom and had gone back to the beggarly elements of the world. As always in such meetings others were near, but failed to come.

On Sunday the church was dedicated in the presence of a crowd which filled the church to overflowing. The indebtedness was provided for and as far as human eye can see this is destined to be a good church of the Brethren.

Brother Myers who has always lived here and worked so unselfishly for the cause and the noble workers who have helped him all deserve unstinted praise. Of such as these is the Kingdom of God. Our prayers go up for the Holy Spirit's guidance. They have here one of the noblest bands of young men it has ever been our lot to meet. Some of them hope to enter school and prepare for the ministry to which they believe God has called them. I believe that the future will yet hear from them. I trust that they will help to answer that prayer of the church, which Jesus exhorts us to pray in Matt. 9: 37, 38.

Several from here expect to attend Ashland College. If Ashland had a man out in the field even as far west as Iowa, I dare say the churches here would not be unrepresented at our school.

It is with pleasure we report the result of our work here. Altho it has been quite a while since we reported our work, we have been busy.

We have had during the summer children's services which were enjoyed by all present and by no one more than the children themselves. The programme they rendered was excellent especially the singing.

At the regular services at the Bethel church within the last month two came forward and united with the church. These were a young man and his wife who lost their little girl a short time since. It seems that little ones must be called away sometimes that older one may realize their duty to God.

We closed a three weeks meeting at the Berachah Church.

Brother Ed Burnworth preached one week when he took a severe cold which affected his voice, then Bro. William Beachler of Miamisburg was sent for. He came and preached over a week, when owing to circumstances he had to return home. Bro. Burnworth then continued the meeting over Sunday.

The result of the meeting was seven were baptized and received into the church. All young people but one.

During part of the meeting we had the pleasure of having Bro. and Sister Horne of Columbus, O., with us. They enjoyed the meeting very much and I know their visit did us all good. We expect them with us again next year. Bro. Horne preached at the Bethel Church on Sunday evening. I did not get to hear him on account of having services at both churches but all who did enjoyed the services very much. Bro. Horne had not preached any for several years. The "boys" as we call them, preached excellent sermons and worked hard. Had it been possible to continue the meet-

ing there would have been many more additions.

We are under obligations to Bro. Beachler for coming to us and giving us his services. I know the "boys" will remember their experiences in this meeting. The work of these two young men in the College is telling. We ought to have 100 young men in the College studying for the ministry. Bro. Burnworth will enter College again when the fall term opens. Then we can only have preaching every two weeks.

The Brethren Church at this place has great reason to rejoice over the result of obtaining so good a pastor. All agree that it means the upbuilding of the church. Brother Byers is wide awake and visits the isolated members, thoroughly wakening them up.

We have preaching every three weeks, morning and evening with good attendance. Sunday School every Sunday with M. F. Heestand at the helm. As soon as Bro. Byers returns from National Conference arrangements will be made to hold an old time revival here and we feel certain to be able to give glorious reports at its close. This is a good field and just the time to reap a splendid harvest. And we know that our pastor has the ability and can swing the gospel hammer to perfection.

Sister Vianna Detwiler was at this place some time ago, but as yet we have not reorganization of the Sisters Society. Why our Sisters remain inactive on this point remains a mystery to us. It would certainly greatly assist the church. Especially in a financial point of view.

Before this gets in print the National Conference will be over, but we trust it will bring good results and bring the churches into closer relationship than ever before while we can't be there this year our prayers are, and so it should be with every member of the Brethren Church. Then and not until then can we expect a reward.

#### Notice

To the churches of the Kanomorado District: As your secretary I wish to urge upon you. The importance of electing your delegates to represent you at the Conference to be held at Carleton. It is necessary that this be attended to at once.

Every church should be represented by delegate. Should you fail to get any blanks, write out something; have the deacons sign it so as to be able to be represented by some worthy Brother or Sister.

We are praying for a grand Conference and can have such if all will co-operate together. Hope we may all pray and work to this end.

The time of Conference will appear in the EVANGELIST SOON.
